6.6. The failure to present the solicited documents under the terms of the current public notice, their delivery outside the determined timeline, or the presentation of a false document will determine the exclusion from this procedure.

## **7. Work plan:**

7.1. The work to be developed is framed within the research project SOFTPLAN, and envisions:

- a) Review of the literature and construction of a conceptual and methodological framework of the themes and concepts related to the project;
- b) Identification, systematization and study of planning and soft planning policies and instruments within the Portuguese and European context;
- c) Preparation and conduction of interviews;
- d) Preparation of meetings, organization of workshops and other scientific seminars for the dissemination of the project's results;
- e) Preparation of graphic pieces that provide support to the project;
- f) Redaction and publication of scientific articles and other texts and written documentation resulting from the research;
- g) Support of project management activities.

## **8. Criteria for assessment and selection:**

8.1. The admitted applications to the current competition will be assessed taking into consideration their quality, topicality and relevance of the scientific (scientific production and research experience) and curricular background of each candidate, and the respective adequacy to the proposed work plan.

8.2. The candidates' selection process has two components (Avaliação do Percurso Científico e Curricular [Assessment of the Scientific and Curricular Background] – hereinafter APCC, and Entrevista Profissional de Seleção [Professional Interview for Selection] – hereinafter EPS); the final classification (Classificação Final, hereinafter CF) is achieved through the following formula:

2/16

$CF = 90\% APCC + 10\% EPS$

8.3. The APCC [Assessment of the Scientific and Curricular Background] is expressed through a numerical scale ranging from 0 to 5, and it is achieved through the following formula:

$APCC = 70\% PCC + 30\% CM$

In which:

PCC stands for Percurso Científico e Curricular [Scientific and Curricular Background];  
CM stands for Carta de Motivação [Motivation Letter].

a) The PCC [Scientific and Curricular Background] is assessed in accordance to the following criteria:

- Scientific production (50%);
- Applied research activities (10%);
- Activities of knowledge extension and dissemination (5%);
- Activities of management of science, technology and innovation programmes (5%).

b) The CM [Motivation Letter] is assessed in accordance to the following criteria:

- Motivation and interest for the anticipated activities (20%);
- Proficiency of written English language (10%).

8.4. The assessment of the EPS [Professional Interview for Selection] is expressed through a numerical scale from 0 to 5, and it rates:

- The candidate's knowledge and motivation regarding the anticipated tasks;
- The ability to integrate and develop team work;
- Organization and project management skills;
- Expression and communication skills;
- Proficiency in spoken English language.

8.5. The jury may decide not to carry out the interviews. In this case, the final classification results, exclusively, from the Assessment of the Scientific and Curricular Background.

8.6. The jury will select for the interview 3 (three) candidates that have obtained the highest classification in the first phase. In case of a tie, the decision will be bestowed upon the president of the Jury.

8.7. Following the application of the selection criteria, minutes will be drawn up by the Jury, containing the entire recruiting, assessment and selection process, as well as the ordered list of the approved candidates with their classification and the final decision of the Jury.

**9. Results and hearing for interested parties:**

9.1. There is place for a hearing open to interested parties concerning the lists of admitted and excluded candidates, as well as the final classification's list, under the terms of articles 121 and 121 of the Código do Procedimento Administrativo [Administrative Procedures Code].

9.2. Notification of results: The candidates will notified by electronic mail.

**10. Final decision:**

10.1. The final decision of the Jury is approved by the Rector. The responsibility for the contracting procedure is of the President or Director of the School.

**11. Publicizing:**

11.1. The current public notice will be published:

- a) In *Diário da República*, 2<sup>nd</sup> series;
- b) On the internet portal Eracareers;
- c) On the *Bolsa de Emprego Público* [Public Employment Platform];
- d) On the website of the Lisbon School of Architecture.

**12. Equal access policy:**

12.1. The Lisbon School of Architecture of the University of Lisbon actively promotes a policy of non-discrimination and equal access, so that no candidate can be privileged, benefited, impaired or deprived of any right or exemption from any duty, namely given his/her ancestry, age, sex, sexual orientation, marital status, family situation, economic situation, education, social origin or condition, genetic heritage, disability, chronic illness, nationality, ethnic origin or race, territory of origin, language, religion, political or ideological beliefs and trade union affiliation.

12.2. Under Decree-Law No. 29/2001, of February 3rd, the disabled candidate has preference in equal classification, which prevails over any other legal preferences. Candidates must declare on the application form their respective degree of disability, the type of disability and the means of communication or expression to be used in the selection procedure, under the terms of the aforementioned diploma.
